LOCK-ON ODI WATERCRAFT GRIPS

Revolutionary Non-Slip Technology for the Wettest Environments on Earth

- ◆ Lock-On Grip System eliminates grip twisting and slippage without the need for ties or glues.
- ◆ Remove or replace grips in seconds without cutting or otherwise destroying your old pair of grips.
- ◆ Replaceable aluminum Lock Jaw clamps lock grip onto bars like a vise to prevent slippage.
- ◆ Each pair comes complete with durable End Plugs.
- ◆ New 3/4 Flange helps keep hands from slipping without interfering with thumb throttle systems.
- ◆ Fits on aftermarket handlebars such as UMI, etc.
- ◆ Available in two proven designs:

Ruffian — Features super lean profile and full diamondized pattern.

Rogue — Elevated tread pattern channels water off of the grip.

Part No	Description	Size	Retail
